Company overview

Zenkai Transportation LLC is a Colorado-based, veteran-owned transportation and logistics company focused on reliable government and commercial transportation. FMCSA identifier: USDOT 6713955. As of November 9, 2026, SAM.gov shows an Active Registration (UEI PVDJB1X6KF21, CAGE 256L9, expiration Sep 23, 2027, purpose All Awards). Contact details refreshed as of October 1, 2026. We build repeatable scheduled service, documented pickup and delivery, cargo securement, and contingency planning so customers get dependable local and regional freight and mail-transport support.

Core competencies

- Scheduled local and regional freight and mail transportation
- Box-truck / straight-truck capacity matched to shipment size, loading method, and insurance requirements
- Documented pickup and delivery logs with sender/recipient acknowledgment
- Dispatch communications, service-exception handling, and backup vehicle/driver planning
- Monthly invoicing and service documentation suitable for government and commercial customers
- Colorado-based operations with focus on Front Range / Mountain West routes

Differentiators

- Owner-operated control: clear human accountability for service commitments
- Federal-first discipline: public SAM.gov pursuits, truthful registration status, and evidence-based bids
- Route reliability first: written service checklists, chain-of-custody habits, and contingency

coverage before growth
• Flexible equipment model: commercially rented or owned equipment when it meets safety, insurance, and performance requirements

NAICS / PSC focus

Primary NAICS: 484121 - General Freight Trucking, Long-Distance, Truckload

Additional NAICS on active SAM.gov registration (2026-09-25): 484110, 484210, 484220, 484230, 492110, 492210, 493110, 541614, 561210, 561720, 561730, 562111, 811111, 811310

Related service interest (examples): local mail/container transport, courier-adjacent scheduled runs, and freight support where Zenkai can truthfully perform.

Note for buyers: NAICS listing is market-access registration. Zenkai bids only where registration, insurance, equipment, staffing, and contract requirements can be met.

Past performance / federal activity

Zenkai is building its federal past-performance record. Recent activity includes a Sources Sought response to the U.S. Government Publishing Office for FY27 mail transport services supporting GPO-Pueblo operations (Notice 040ADV-26-P-0758, submitted September 18, 2026). That response expressed interest and capability for scheduled local mail-container transportation. It was market research, not a contract award.

Owner is a U.S. Army veteran, licensed and certified on box trucks, buses, Light Medium Tactical Vehicles (LMTV), High Mobility Multipurpose Wheeled Vehicles (HMMWV/Humvee), Heavy Expanded Mobility Tactical Truck (HEMTT) wreckers, Joint Light Tactical Vehicles (JLTV), forklifts, and excavators, CONUS and OCONUS, including training, deployments, and thousands of convoy miles across the United States and Europe.

Owner leadership certifications: Project Management Professional (PMP), valid through July 14, 2029; Certified SAFe (Scaled Agile Framework) 6 Practitioner, valid through March 21, 2027; Certified SAFe 6 Scrum Master, valid through March 22, 2027; Certified SAFe 6 Product Owner/Product Manager, valid through May 3, 2027; Certified AI-Empowered SAFe 6 Product Owner/Product Manager, valid through May 3, 2027 (SAFe certifications issued by Scaled Agile, Inc.).

Additional commercial and government references will be added as performance evidence is earned.
